

Rawlings Tigers High School Refund Policy

By clicking below, I agree to the following Refund Policy:

Non-Medical Refund Policy:

If a player leaves the Tigers program for any reason other than medical, no payments will be refunded. Further payments will not be collected once a player provides notice that they will be leaving in writing.

Players who leave the club for any reason will not receive uniforms.

Medical Refund Policy:

If a player is injured and unable to continue with the club, documentation from a doctor is required for a refund.

The club will not collect any additional fees once a player is injured. Families can choose to use the fees already paid as a retainer towards fees for the following season (assuming that the player is offered a spot on a roster.) If the family chooses to keep a retainer and does not play the following season, a refund check will be issued.

Refunds for injured players who do not intend to return for the next season will be issued based on the services used prior to the injury. These will be decided on a case by case basis by Aaron Jaworowski.

Players who leave the club for any reason will not receive uniforms.

If the Tigers receive notice that a player will not be playing after January 1, any refund due will be paid on August 15.
